Career Objective

A motivated and detail-oriented fresher seeking a Technical Support Executive role to effectively apply troubleshooting skills, customer interaction abilities, and fundamental networking knowledge, with a strong commitment to continuous learning in the IT support domain.

Technical Skills

- **Operating Systems:** Windows 10/11
- **Hardware:** Basic desktop & laptop troubleshooting
- **Networking:** LAN, IP address, internet connectivity (basic)
- **Software:** Installation, configuration & issue resolution
- **Database:** MySQL / PostgreSQL (basic)
- **Programming:** Java (basic), HTML & CSS
- **Tools:** Email & ticket-based support (basic understanding)

Project Details

Project Title: Help Desk Ticket Management System

Description:

Developed a basic Help Desk Ticket Management System to handle user support requests by creating, tracking, and resolving tickets. The project provided hands-on experience in troubleshooting workflows, understanding common user issues, and improving system reliability through proper error handling.

Technologies Used: Java, HTML, CSS, PostgreSQL

Responsibilities:

- Designed and developed user-friendly ticket submission forms
- Implemented input validation and exception handling
- Integrated backend logic with PostgreSQL database
- Tested ticket flow and fixed functional and data-related issues

Education

Master of Computer Applications (MCA) – BPUT University, Bhubaneswar (2021)

SGPA: 9.0

Bachelor of Computer Applications (BCA) – Utkal University, Odisha (2019)

CGPA: 7.8
